Montpelier, Oct. 13, 1860. Messus E. B. Magoon & Co :- About five weeks ago Messus E. B. Magoon & Co:—About live weeks ago I took a severe cold which settled upon my lungs, producing a cough that proved to be very obstinate, and respiration became very difficult. After making stremuous efforts to throw it off, with no benefit, I produced a bottle of your Magic Compound, which I used three days according to directions. Its effect upon me was truly like "magic." It produced a free expectoration, and in this time I was compactely relieved type my cough, and I could breathe perpictely relieved from my cough, and I could breathe per-lectly natural. Therefore, I can recommend it to my lel-low citizens as being the best remedy for coughs and colds have ever used. Yours trul St. Johnsbury, Vt., Dec. 14, 1859.

Scrofula and Scrofulous Affections, such as Tumors, Ulcers, Sores, Eruptions, Pimples, Pustules, Blotches, Boils, Blains, and all Skin Discases. OAKLAND, Ind., 6th June, 1859. J. C. AYER & Co. Gents: I feel it my duty to acknowledge what your Sarsaparilla has done for me. Having inherited a Scrofulous infection, I have suffered from it in various ways for years. Sometimes it burst out in Ulcers on my hands and arms; sometimes it turned inward and distressed me at the stomach. Two INVIGORATOR. years ago it broke out on my head and covered my scalp and cars with one sore, which was painful and loathsome beyond description. I tried many medicines and several physicians, but without much relief from any thing. In fact, the disorder grew worse. At length I was rejoiced to read in the Gospel Messenger that you had prepared an alterative (Sarsaparilla), for I knew from your reputation that any thing you made must be good. I sent to Cincinnati and got it, and used it till it cured me. I took it, as you advise, in small doses of a teaspoonful over a menth, and used almost three bottles. New and healthy skin soon began to form under the scab, which after a skin soon began to form under the stad I know by my while fell off. My skin is now clear, and I know by my while fell off. Leucorrhoa or Whites, Ovarian Tumor, Uterine Ulceration, Female Diseases. Dr. J R. S. Channing, of New York City, writes; "I most cheerfully comply with the request of your agent in saying I have found your Sarsaparilla a most excellent alterative in the numerous complaints for which we employ such a remedy, but especially in Female Diseases of the Scrofulous diathesis. I have cured many inveterate cases of Leucorrhoea by it, and some where the com-plaint was caused by *idertation* of the *iterus*. The ulcerpaint was caused by meriation of the merus. The dicer-ation itself was seen cured. Nothing within my knowl-edge equals it for these female derangements."

Edward S. Marrow, of Newbury, Ala., writes, "A dan-gerous or train tumor on one of the females in my family, which had defied all the remedies we could employ, has at length been completely cured by your Extract of Sarsaparilla. Our physician thought nothing but extirpa-tion could afford relief, but he advised the trial of your

Sarsaparilla as the last resert before cutting, and it

proved effectual. After takin your remedy eight weeks

Syphilis and Mercurial Disease. New ORLEANS, 25th August, 1859. Dr. J. C. Ayer: Sir, I cheerfully comply with the request of your agent, and report to you some of the effects I have realized with your Sarsaparilla. I have cured with it, in my practice, most of the com-plaints for which it is recommended, and have found its effects truly wonderful in the cure of Venereal and Mercured Disease. One of my patients had Syphilitic ulcers in his throat, which were consuming his palate and the top of his mouth. Your Sarsaparilla, steadily taken, cured him in five weeks. Another was attacked by secondary symptoms in his nose, and the ulceration had eaten away a considerable part of it, so that I believe the disorder would soon reach his brain and kill him. But it vielded to my administration of your Sarsaparilla; the ulcers healed, and he is well again, not of course without some disfiguration to his face. A woman who had been treated for the same disorder by mercury was suffering

from this poison in her bones. They had become so sen-

cured entirely by your Sarsaparilla in a few weeks. I know from its formula, which your agent gave me, that this Preparation from your laboratory must be a great remedy; consequently, these truly remarkable results with it have not surprised mc.
Fraternally yours, G. V. LARIMER, M. D. Rheumatism, Gont, Liver Complaint. INDEPENDENCE, Preston Co., Va., 6th July, 1859. Dr. J. C. Ayer: Sir, I have been afflicted with a painful chronic Rheumatism for a long time, which baffled the skill of physicians, and stuck to me in spite of all the remedies I could find, until I tried your Sarsaparilla. One bettle cured me in two weeks, and restored my general health so much that I am far better than before I was attacked. I think it a wonderful medicine. J. FREAM. Jules Y. Getchell, of St. Louis, writes: "I have been afflicted for years with an affection of the Lever, which destroyed my health. I tried every thing, and every thing failed to relieve me; and I have been a broken-down man for some years from no other cause than derangement of the Liver. My beloved pastor, the Rev.
